

April/May, 2010

Dear YMCA Program Participant,

You are receiving this letter because you are now or were previously enrolled in a program of the Lee County YMCA as a non-member.

The YMCA has always been a member organization. We would like the participants in our programs to be recognized as members of our association. On June 1, 2010, the Lee County YMCA is establishing a new type of membership called a Program Member. This program membership will allow those people who live in the community to participate more fully in programs we offer without having to become full facility members and helps to ensure we maintain a secure and safe environment at the YMCA.

A Program Member is honored at the Lee County YMCA and allows individuals to register for YMCA programs. It does not include facility use privileges. A Program Membership will be required to participate in most YMCA programs. Special events such as Mid-Point Madness, Team sports, Skate Park, Youth in Government, etc. will not require a program membership. Program Membership fees are paid once a year, expiring each calendar year on December 31; children \$10/year; adult including college students \$20/year; and families (maximum) \$40/year. This program registration fee does not apply to child care programs. Participants in those programs will continue to pay the child care registration and will **NOT** have to pay an additional program registration for other programs.

Beginning on June 1, you will need to purchase your program membership the first time you register for any class/program. At that time you will fill out a membership application. The program members will be issued a colored membership key fob. This key fob must be swiped when you or your child attends a class/program. Your key fob cannot be used to access the facility unless you are attending the registered class/program. With the program membership and swiping your key fob, we can be more knowledgeable as to who is in our facility.

If you have any questions, please ask the desk staff or Ms. Mary. Thank you for supporting the Lee County YMCA.

Sincerely,

Jim Sanger, CEO
